

100 Years The Christian Community

Worldwide Festival October 7th - 11th, 2022
in Dortmund, Germany

CG 2022

Newsletter 2/2019

St John's Tide

2021

The anniversary in 2022 is already beginning to dawn. In several regions, meetings and discussions are taking place, articles about the transition to the next hundred years are appearing in periodicals. There will be a great anniversary meeting.

The leadership of The Christian Community has entrusted the Region of West-Germany with the task to organize the anniversary meeting.

You are cordially invited to join the festival in 2022 at Michaelmas in Dortmund, Germany from October 7th to 11th.

2020

2019

We wish to initiate a thematic process over the next three years. We can be grateful for the development in the last 100 years, but we obviously face questions about the future.

Everybody is invited to participate. Please see www.cg-2022.org for further information.

Our *Small Planing Team* for local organization includes Ulrich Goebel, priest in Bonn (Germany) and Tim Gottschalk, secretary of the Region of West-Germany. For content-related preparations we have the *Large Planing Team*, that is open to everybody. We are particularly happy about the *Youth-Planing-Team* that brings the enthusiasm of our young friends (youth@cg-2022.org)

What moves you?

Write to us!

What are these questions? We are asking each of you individually, as well as all bodies of the Community to write and send us relevant questions, important issues and experiences.

Please send up to three of your most important issues before September 2019 if possible...

to the local newsletter editor Wolfgang Jaschinski (newsletter@cg-2022.org) or as a letter to our Festival Office (see below) in your mother tongue; if desired, we will keep your submission anonymously. We will summarize this survey and forward it to the leadership of The Christian Community in October 2019. The result will be distributed in several languages. Are you willing to participate in this process?

We are already curious!

The Newsletter

will appear several times per year; printed versions are sent to many communities, alternatively download from www.cg-2022.org. Short contributions are welcome to newsletter@cg-2022.org

The homepage www.cg-2022.org

has more information in several languages, including dates of meetings. For preparatory discussions, see particularly the internet forum www.cg-2022.org/forum
